**NEW COMMERCIAL BUILDINGS/ADDITIONS**
- Two copies of Structural/Architectural plans (three copies if Health Department is required)
  (Minimum standards 21”x30” sized sheets, scale 1/8” = 1 foot)
- Drawing Index
- Fairfax County Building Plan Coversheet
- Statement of Special Inspections
- Copy of Site Plan Related Plan and Proffers
- Geotechnical Report
- Two Copies of Structural Calculations
  - **Mechanical**
    - Mechanical Floor Plan
    - Equipment Schedule
  - **Plumbing**
    - Floor Plan showing Plumbing Fixtures
    - Fixture Schedule
    - 2-D Riser Diagram
  - **Electrical**
    - Electrical Floor Plan
    - Panel Schedule and Riser Diagrams

**NEW RESIDENTIAL SFD**
- Two copies of Structural/Architectural plans (three copies if Health Department is required)
  (Minimum standards 11”x17” sized sheets, scale 1/4” = 1 foot)
- Fairfax County Building Plan Coversheet
- Copy of Site Related Plan
- Copy of Geotechnical Report; if applicable
- Foundation Plan
- Framing Plans for Floor and Roof
- Wind Bracing Plan
- Each Room Must be labeled
- Window and Door Sizes
- Columns, Beams and Header Sizes Shown

**RETAILING WALLS/COMMERCIAL**
- Walls greater than 5 feet should be assigned a “Q” number.
- Two copies of Structural/Architectural plans (three copies if Health Department is required)
- Two copies of structural calculations
- Statement of Special Inspections, if applicable
- Copy of Site Plan Related Plan
- Geotechnical Report; for over 10 feet
- Global Stability Analysis for the following conditions:
  - Walls over 10 feet in height
  - Walls with a back slope steeper than 2:1 over 6 feet in height
- ICC-ES report; if applicable.

**TENANT LAYOUTS/INTERIOR ALTERATIONS**
- Two copies of Structural/Architectural plans (three copies if Health Department is required)
  (Minimum standards 21”x30” sized sheets, scale 1/8” = 1 foot)
- Drawing Index
- Fairfax County Building Plan Coversheet
- Construction Cost Breakdown; if not available at Log-In add an Administrative Review
- Key Plan indicating Exits and Core Facilities
- Systems Furniture; if applicable
- Demo plan; if applicable
- Statement of Special Inspections; if applicable
  - **Mechanical**
    - Mechanical Floor Plan
    - Equipment Schedule
  - **Plumbing**
    - Floor Plan showing Plumbing Fixtures
    - Fixture Schedule
    - 2-D Riser Diagram
  - **Electrical**
    - Electrical Floor Plan
    - Panel Schedule and Riser Diagrams

**RESIDENTIAL ADDITIONS**
- Two copies of Structural/Architectural plans (three copies if Health Department is required)
  (Minimum standards 11”x17” sized sheets, scale 1/4” = 1 foot)
- Copy of Site-Related Plan (House Location Plat, Conservation Plan or Grading Plan)
- Foundation Plan
- Framing Plans for Floor and Roof
- Wind Bracing Plan
- Each Room labeled as to Proposed Use
- Window and Door Sizes
- Columns, Beams and Header Sizes Shown
MAXIMUM OCCUPANCY LOAD
- Two copies of Floor Plans and Seating Diagram (Minimum scale 1/8” = 1 foot)
- Copy of Valid Non-Residential Use Permit (existing tenants only)
- Copy of any Special Permits issued by the Zoning Office of your jurisdiction
- Original Signature, Date and Seal of RDP is required.
- Refer to the Maximum Occupancy Load webpage/handout for any questions.

ROOF TOP UNITS
- If there are structural changes a building permit required
- Two copies of Structural/Architectural plans (Minimum standards 21”x30” sized sheets, scale 1/8” = 1 foot)
- Drawing Index
- Fairfax County Building Plan Coversheet
- Mechanical Floor Plan
- Mechanical Equipment Schedule
- Electrical Floor Plan; if applicable
- Electrical Panel Schedule and Riser; if applicable

RANGE HOODS
- Three copies of Mechanical Plans (Health Department is required)
- If the range hood is greater than 1500 pounds structural drawings are required.
- Drawing Index
- Demo plan; if applicable
- Mechanical Floor Plan
- Equipment plan provided
- Hood and duct sizes and gages provided
- Location of duct and fans and termination points
- Exhaust and supply air qualities and velocities

SHEETING AND SHORING
- Two copies of Structural/Architectural plans (Minimum standards 21”x30” sized sheets, scale 1/8” = 1 foot)
- Two copies of Structural Calculations
- Statement of Special Inspections
- Copy of Site Plan and Proffers
- Geotechnical Report
- Global Stability Analysis
- Letter from Geotechnical Engineer indicating the concurrence with the soil data used for the design.
- Letter from Structural Engineer for building indicating design compliance.

REPLACEMENT OF ROOF DECKING
- Two copies of Structural/Architectural plans (Minimum standards 21”x30” sized sheets, scale 1/8” = 1 foot)
- Fairfax County Building Plan Coversheet
- Demo Plan, if applicable
- If you are doing a permit to replace the covering only (i.e. shingles, rubber membrane) you can assign an “N” number and issue the permit.
